Besides being an initiator of LOOP, Emilio Alvarez runs one of the most interesting galleries in Barcelona. Despite the occasional aberration (Peter Halley, for one), Galeria dels Angels has an adventurous programme and a commitment to showing young international artists that seems to have little to do with commercial profit. Take the rough with the smooth, but keep a close eye on Catalan artist Jaume Plarch.

Jaume Plarch, *Pinocchio* (2004) (foreground) and Miguel Mont, *S/T* (2005), Galería dels Angels, Barcelona
